

Dell solutions for Exchange Server

Accelerate migrations and simplify Exchange management

With more than 35 million mailboxes migrated and 40 million mailboxes managed, we have the experience you need to accelerate migration and simplify management of Exchange Server, OCS/Lync Server, and Office 365. With Dell, Exchange is more compliant, available, secure and efficient.

Migrations and consolidations

Migrate with ZeroIMPACT and with seamless coexistence from older versions of Exchange, GroupWise, Notes or Google:

- Exchange to Exchange or Exchange Online/Office 365
- Novell GroupWise to Microsoft Exchange or Exchange Online/Office 365
- IBM Lotus Notes to Microsoft Exchange or Exchange Online/Office 365
- Google Gmail to Office 365

Compliance, audits and security

Control compliance before it controls your time and budget:

- Audit access and permissions and report on changes in real time
- Retain or dispose of email according to policy

- Prevent inappropriate use and enforce permissions

Performance and Availability

Ensure the availability of Exchange and Lync:

- Troubleshoot and resolve Exchange, OCS/Lync problems before they impact end users
- Report on and measure Exchange, Lync/OCS and more to meet SLAs
- Recover lost email data

Recovery and email discovery

Find it all, find it fast!

- Capture, retain, preserve and search for email across multiple data silos
- Search for and recover email from backups

Automation and administration

Make your busy IT organization more productive:

- Automate reporting for Exchange, OCS/Lync and more
- Monitor Exchange, OCS/Lync and other platforms from a single console
- Automate email recovery
